

Loving Rural

Economy and employment opportunities in rural areas

1. *Depending upon climatic and geographical features , major economic activity in rural areas is growing crops.*
2. *Farming in terms of growing vegetables and fruit is also very profitable*
3. *Another common economic activity is raising livestock*
4. *Beekeeping has an economic importance for both beekeepers and the sector.*
5. *Poultry farming is a business growing at a rapid pace.*
6. *Forestry is another business field that provides many people with employment opportunities.*
7. *Working in various mines .*
8. *The most popular business field in rural areas nowadays is the rural tourism which includes accomodation, gastronomy, cultural or sports activities.*

Take into account ;

Living far from city centers has some limitations to be able to reach health , cultural or education facilities easily.
